With all of that said allow me the opportunity to introduce myself, my name is Janet Washington and I am strongly invested in our products not only as one of the owners but as an individual faced with the challenges of hair and skin conditions. Dealing with the day-to-day stressors that trigger hair loss and skin ageing I made the decision to learn to be Happy this is the reason I add the hashtags that say #Love #Peace #Happiness #Relaxation, because we all know that stress can cause your hair to fall out and your skin to age the keys to slowing this all down begins with giving your mind, body, hair, and soul what it needs.

Angel J's Creations are committed to assist in helping to provide this Happiness, visit us on Facebook, Instagram, Twitter or visit our web site angel.Jscreations.wixsite.com/naturalway.
